# THE HUNT OF A LIFETIME

Scattered across the surface of this planet are the hunting spots that are, in a word...pure.

Where the combination of awe-inspiring scenery, a thrilling hunt, and challenging game create the experience of a lifetime. New Zealand is the greatest of these places, where an adventurous hunter can find world-class trophy hunting guided by one of the best professional outfitters in New Zealand.

New Zealand Safaris offers one of the most diverse hunting experiences you will find on Earth, with tropical coastlines, rugged mountain peaks and fertile river valleys cloaked in dense forests. Each environment providing some of the best free range wild game, and fair chase hunting to be found anywhere. We offer you a wide range of experiences to suit any hunter, at any age...alone or with friends and family. Our specialty is genuine hunting safaris, game stalked on foot, by way of ATV or 4x4 to access some of New Zealand's most iconic private land. No hostel-like multi-group cramping lodges. Your hunt is yours alone.

You choose your trophy. We bring the hunt. What awaits you is a personalized and authentic experience...the best to be found anywhere. You'll meet locals who will greet you like an old friend, properties that are as comfortable as they are convenient and a knowledgeable guide who can personalize your trip to make it perfect.

*Experience The Hunt*

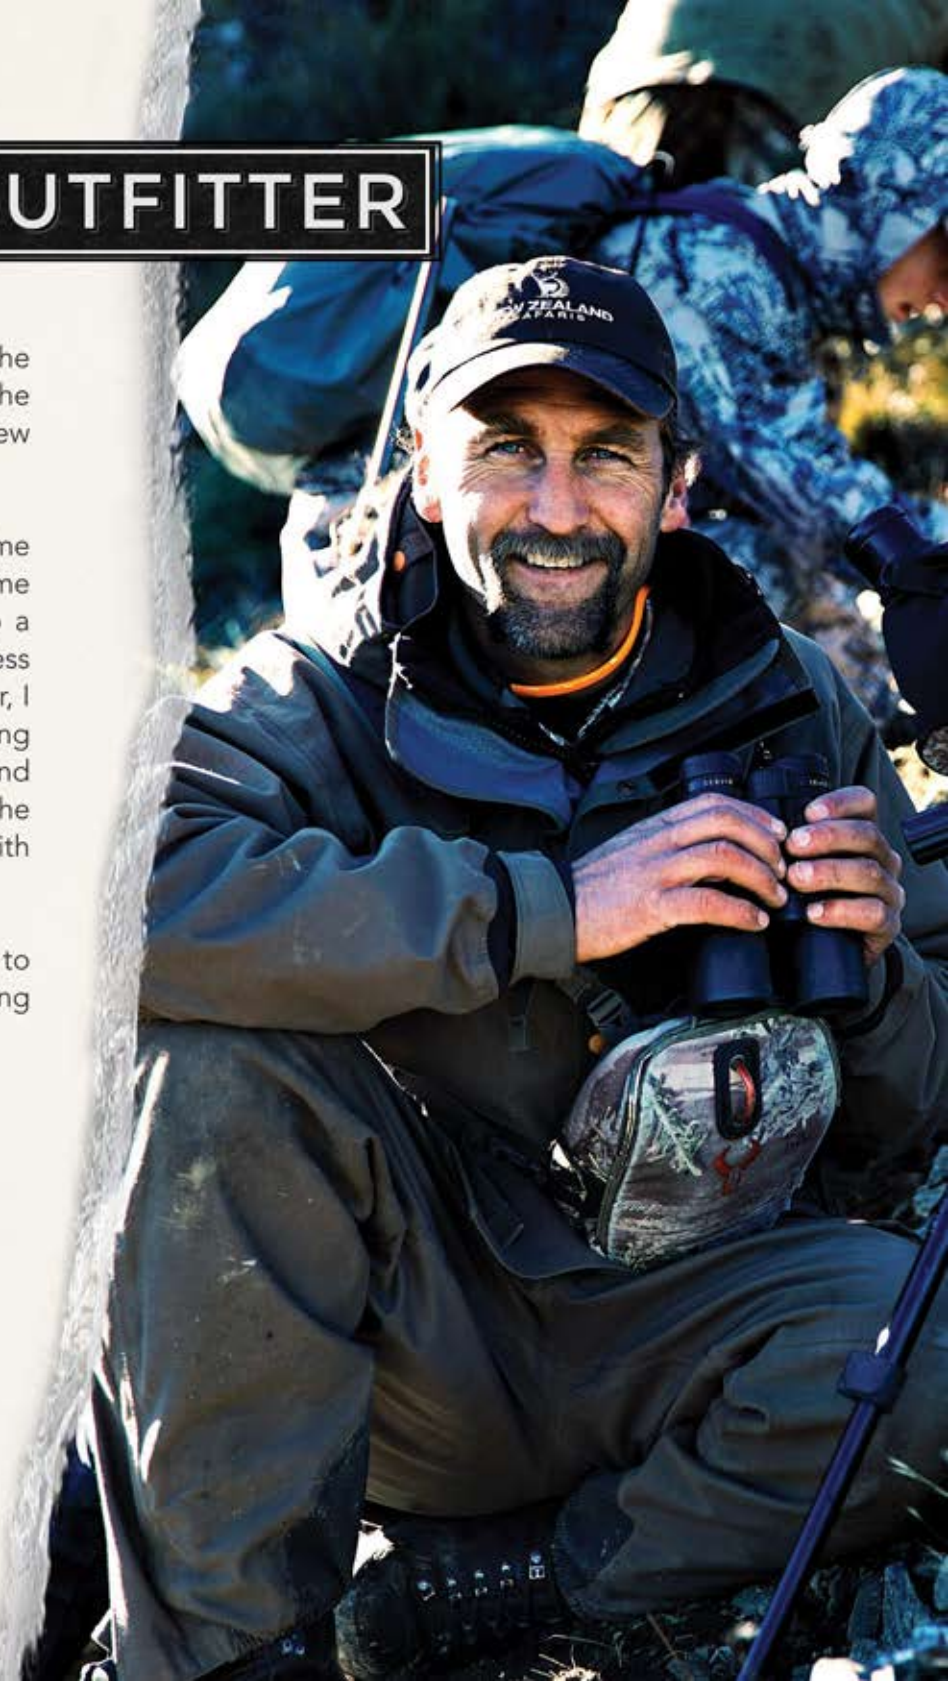

## A WORD FROM YOUR OUTFITTER

I'm often asked what sets us apart and my answer is always the same. 'It's the experience of the hunt' with your own local New Zealand hunting guides and the diversity and quality of private wilderness land we hunt on, that no other New Zealand hunting outfitters or guides can match.

I'm a proud New Zealander, born and raised on the South Island, a long time member of the New Zealand Hunting Guides Association, and I've spent a lifetime building personal relationships with private landowners to give you access to a hunting experience you'll never forget. They are, in a word...spectacular. Endless acres and stunning scenery filled with plentiful, high quality game. Decades later, I still guide over 80% of our hunts because I love what I do as much as I love giving personal attention and building a relationship with every client. With New Zealand Safaris you'll experience a truly customized hunting experience and discover the best of what New Zealand has to offer in the privacy of your own hunting party with one of the highest quality New Zealand hunting outfitters in the country.

I welcome you to personally get in touch with me & give us the opportunity to discuss further our "Hunting Safari Experience." It's a story you'll be telling for a long time to come.

*Jim Gibson*

# ABOUT US

- 1 Quality hunts over quantity hunts.** It's about personalized high quality experiences, not budget hunts or high turnover hunts. With Rhonda & Jim owning 100% of this family Outfitting business - our meals, guiding, rooms and service are second to none. We believe in a genuine, personal hunting experience for each hunter, family or group. One hunt at a time.
- 2 You have the choice of free range or fair chase hunts.** Although we have the most extensive variety of privately owned free range properties in New Zealand, we also have proven our fair chase Estates will match any in the industry. Many hunters choose to combine the two, while still hunting on private land.
- 3 We're family friendly,** with a wide range of non-hunting activities we have our own personalized travel agent. We are near the famous Mount Cook National Park and Southern lakes region in the central South Island. We will book the whole lodge and hunting areas out to families or groups, and we can help you arrange several local non-hunting activities.
- 4 We are the bull tahr foot hunting specialists.** We've earned the reputation for having the highest success rate hunting big mature bull tahr, on private wilderness land on foot. Not only because we live right in the home of the tahr, but unlike many other outfitters that share properties or hunt on government land we know where and when to find those older trophy Bulls that are not constantly getting hunted by others. With our Lodge under a 40 min drive from the properties, it's a perfect fit to bring non-hunters.
- 5 Our own All Seasons Lodge is central to all our South Island species.** We are situated between 5-30 minutes from all our free range and fair chase properties including birds, varmints, the Southern lakes, Mt Cook and under 40 mins from our closest airport. This means that valuable time isn't wasted traveling to different hunting areas each day.
- 6 We have the largest variety of private land foot hunting properties in New Zealand.** We specialize in private land hunting, which means whether you choose free range or fair chase we have exclusive access to privately owned wilderness properties. Building relationships over many years with honesty and loyalty has earned us the opportunity of holding these areas that many Outfitters each year try to hunt on.
- 7 Local, fully trained and highly experienced guides.** With in-depth and life-long knowledge of the area, Jim and his team were born and bred in the country and know it and the people well. They are also trained in first aid and operate under the guides health and safety policy putting your safety and enjoyment foremost while out hunting.
- 8 We use a professional, full-time expeditor for your game.** This relationship ensures your trophies are prepared and shipped to the highest standards within 3 months of your hunt. We work with taxidermist that we can recommend if you would like to have your New Zealand animals mounted to the highest life like standard either in U.S or Canada.

# RED STAG

FREE RANGE  
OR FAIR CHASE  
UP TO 360

Free Range Red Stags are traditional in antler formation, judged in the same way by points that they grow with 35 inch+ main beams. There are no score classes as we hunt the oldest and biggest we can find on private land, Stags range from 5x5-8x8.

With the Fair Chase Stags it is up to 360 inches, where you will typically see between 4-10 trophy mature stags in a hunt they are larger than free range wild Red Stags with more mass and length and can have 2-4 more points.

## RED STAG (361 to 400 inches)

Our most popular class of stag; this is where you start getting the points and palmation Red Stags are famous for, with that very heavy mass. A very popular class for the deer hunter these are truly big Stags. Your guide will help assess the stags you will look over, every stag being different, as it's important to find what you like in a trophy.

# RED STAG

(401 to 450 inches)

Antlers on Red Stags in this class start really showing a lot of points on a huge frame of more the non typical type of head. The average age of the red deer is between 6-9 yrs old. These guys are a sight to see, great for the non-hunters to come out and capture amazing photos of the game and scenery.

## \$10,500

# BULL TAHR

Tahr hunting is what New Zealand Safaris has built our reputation on. Our tahr hunts are conducted on wild, free range, privately owned wilderness land. We foot hunt accessing the areas with 4x4 vehicle, not relying on helicopters at all. These private wilderness areas are exclusive to New Zealand Safaris.

The Bull Tahr rut is from May-July when they have their long winter coats although we hunt them from March-September. The quality of our hunts are unmatched in the industry.

# FALLOW BUCK

Fallow Bucks are a striking trophy with vivid coloration in their coats and unique palmated antlers like a moose.

On our free range fallow deer hunting properties it is not uncommon to see up to 100 deer on a fallow pad. New Zealand Safaris has exclusive hunting rights to two of the top free range and wild fallow deer hunting properties in the country. We guarantee that no other New Zealand hunting guides will have access to the quality and quantity of fallow deer in the country. The rut of the fallow deer runs from early April to late May.

# ELK

Elk has always been one of the most difficult trophies to bag in New Zealand. This huge deer is the largest of the round-horned deer in the world, with heads running 6x6 (12 points) and larger. The best Elk trophies often exceed sixty inches in length.

Like the red deer, New Zealand elk rut (bugle) in March and April but can be hunted from the middle of February until September.

# VARMINT SHOOTING

With the lack of predators and abundance of food we have huge populations of varmints including wallaby, possums, rabbits and hares spread throughout this area. Wallaby, a cousin of the kangaroo, weigh between 30 - 40 lbs and we have no season or limits on shooting these pests. Our hunts can be walk up, long range, helicopter or night shoots that suit all hunters and can keep your barrels hot when you get into big numbers. It is not uncommon to cull 15 - 30 in an evening.

# FLY FISHING

New Zealand is known throughout the world as home to some of the world's best fly fishing. It's a mecca for anglers from around the globe in search of the world's best wild rainbow and brown trout, as well as Chinook Salmon.

The average size of our trout is 3-5 pounds, with big trophies regularly going in excess of 10 pounds!

The central South Island fishing season is 1st October through 30th April, high country lakes and streams open on the first Saturday in November. Canals and many lakes can be fished all year.

We utilize the services of the best professional fishing guides in the South Island who are members of the New Zealand professional fishing guides association.

Add-On To Your  
Safari Package

**\$650** per day/night

# SIGHTSEEING

## *Non-hunting adventures*

New Zealand is more than just a great hunting destination. There are many exciting activities for the non-hunter to enjoy as well. With world-class scenery, a family friendly locale and welcoming English speaking people all make New Zealand one of the most sought after destinations on anyone's bucket list.

New Zealand Safaris works with our own exclusive travel agent to arrange a variety of activities to explore the best that New Zealand has to offer. Combined with your wish lists and our first hand experiences, they will put together a truly special itinerary filled with unique, authentic experiences that you will never forget. Choose from a self drive holiday allowing you to experience New Zealand at your own pace. Or sit back, relax and enjoy the beautiful landscapes of New Zealand from your luxury coach or private vehicle, while your experienced driver navigates the roads. Packaged with sightseeing, accommodation which can range from Motels to Luxury Lodges, let us customise your personalized itinerary to meet your specific requirements.

Make the booking process easy with our local knowledge, one step booking process, detailed travel documentation and ongoing support during your New Zealand holiday.

# LODGING

Our 20 acre primary lodge, All Seasons Lodge, is nestled between the four peaks and Albury Mountain ranges. Located in Fairlie, New Zealand...within 5 - 30 minutes of our hunting properties. Known as the "Gateway to the Mackenzie Country" it is named after the legendary Jock Mackenzie, the Scottish sheep rustler who once roamed the mountains. Your host **Jim Gibson** offers a comfortable place to relax and rejuvenate on this 20 acre private setting, while enjoying the breathtaking views of the ranges.

With an outdoor fireplace, miniature golf course and ample accommodations, you and your guests will feel welcomed as family. During your stay, you will be treated to delicious home cooked New Zealand cuisine accompanied by complimentary local beer or wine before retiring to comfortable warm beds. After a great night's sleep, you can enjoy a cooked or continental breakfast.

Your Host , Jim Gibson

## HUNTING CABINS

During your stay, you can also choose to experience a genuine wilderness safari hunt in our comfortable hunting cabins in the heart of private hunting land.

What makes our hunting cabins so popular amongst hunters of all ages is being able to step outside while breakfast is sizzling away to glass red stag, tahr, fallow or chamois right from your doorstep.

# GENERAL INFO

**Fitness Required:** Every year we have hunters of all abilities. The saying that the more you put into it the more you get out of it is always true, so getting any form of exercise will certainly help. Having a weighted pack and climbing stairs is a great way of getting you prepared. With the quantity and quality of our properties and the roads on them, your guide can and will quickly access and tailor the hunt to the clients ability level. We have had successful foot hunters from 8 & 9 yrs to experienced 73 & 84 yrs old. All these hunters, and many more, were successful in taking their animals on foot without a helicopter.

**Air Travel:** Most flights arrive from New York, San Francisco, L.A, Chicago, Vancouver or Houston into Auckland, which is an overnight 12-14 hr flight. The main carrier is Air New Zealand which has won numerous awards. Travel Insurance is recommended and a passport is required. A visitor's Visa permit is issued on arrival into New Zealand. Your final destination will be either Timaru or Christchurch in the South Island. We are 35 minutes from Timaru Airport and just over 2 hrs South of Christchurch International Airport.

**NZeTA:** Most visitors to New Zealand will need to apply for a New Zealand Electronic Travel Authority once flights have been booked. We will provide you with the link where you can apply for your NZeTA.

**Hunting Properties:** New Zealand Safaris operates on leased private land. These huge properties are all within 5-30 minutes of the lodge. Each species we hunt has 2-4 properties. Which means the game have less pressure from hunting, it gives us the option to change properties according to weather and hunter's ability. Every hunter or party can have their own property to hunt on. These ranches (stations) range from 8,000 - 47,000 acres, all working sheep and cattle ranches. New Zealand Safaris has access to the largest and most diverse types of privately owned hunting properties in New Zealand, both free range or fair chase estate properties.

**Importation of Firearms:** We will supply you with an online link to apply and pay for your NZ visitor firearm license and import permit to bring a rifle or shotgun. Bows do not need a permit. The form needs to be completed at least one month in advance of travel. Leaving the country nothing further is required. If you are traveling from the US, you will need to complete a US CBP form 4457 prior to leaving to ensure a problem free return to the US.

**Recommended Calibers:** Anything from .270-300 is ideal, Bow 60 lb+. Shotgun for bird's 12g is preferred if shooting multiple species. New Zealand Safaris can also supply you with a firearm should you choose not to travel with one.

**Shot Distances:** Using a rifle most shots will be between 100-350 yards depending on the hunter's ability, animal and terrain being hunted. It is recommended to bring a bipod for your rifle, be familiar with your rifle ballistics, and shooting up and down hill. Bow hunting distances vary between 30-80 yards depending on animal and terrain hunted also, preparation for shots on an angle should be practiced.

**Power:** We operate on 240 volts, 2-3 pin configuration, which requires a plug adapter and converter although most electronics now operate on both. We do have spare plug adapters at the lodge.

**Hunting Clothing/Equipment:** We will provide you a list of recommended gear to bring which is also listed on our web site. We do have some spare clothing for use and for sale. It is important to make sure your gear is clean on arrival especially your boots. And declare any food, as fruit and some items are not permitted.

**Trophy Preparation:** Your trophies will be field dressed out on the hill after photos. From there they are tagged, placed into a bag and stored in a freezer until the end of the hunt where we will take them into our expeditor. We leave the care of salting, creating and expediting your trophies to the experts. They will ensure you receive your trophies back within 3 months. Or if you choose our taxidermist Tyron Southward can mount and ship your animals as you would like. Tyron is considered the best in the business in new Zealand turning your trophies into art, as a passionate hunter himself he has intimate knowledge of the New Zealand animals turning them into life like creations.

# TESTIMONIALS

"After years of years of shying away from NZ because of being told that the only way to successfully hunt Tahr and Stag was either in a "free range" fenced estate or with a chopper, I found a true fair chase "wild" option. I learned a bunch about how things really go down over here! To my sheep hunting friends around the world, it can be done - *wild fair chase without buzzing around with a chopper*. In fact the animals on private land are for the most part more plentiful and better quality .

Thanks for showing me the real NZ that is comparable to anything in Alaska or Canada. Good Family Times with my wife taking her first animal and one of my sons taking his first wild free range Tahr, we will be back!"

- Carol & Jeff Burwell

Alaska High Peak Adventures • 907 715 1175

"Thank you for the awesome hunt and your kind hospitality. The accommodations were very comfortable and Rhonda's meals were wonderful, with desserts to die for! We have hunted in several countries around the world and *have never found a better hunter-outfitter than Jim*. We shot a great 6 year old Bull Tahr free range on foot and a 389 inch Red Stag. As a 75 year old man I was well cared for and surprised both Jim and myself with where I could go in that rugged country. We strongly recommend Jim and New Zealand Safaris for a great hunt and a wonderful experience."

- Nia & Steve Patton

Washington • 509 671 1156

"A great hunt, I highly recommend booking a hunt with Jim. His hunts take place on private lands with high concentrations of quality trophies, and his guides are knowledgeable and will hunt as hard as you would like. The vehicles are more than capable to get you where you need to be, and rifles were easy to use and were very accurate. They know the land and game patterns and can definitely put you on your animals. If my best friend wanted to go on a Tahr and Red Stag hunt I would insist they book a hunt with Jim."

- Jim McGregor

Florida • 850 377 0705

"If we were to pick one word to describe Jim Gibson it would be Professional. He is extremely knowledgeable about the game he hunts and the wide range of properties he has access too, along with sharing his knowledge about the animals and the land called New Zealand. *Magnificent!*

Our hunting experiences were exceptional, the food and accommodations were top notch, and getting to meet his family while there made us feel like we were staying with new but old friends. Besides the great hunting experience, our journey included traveling around the South Island, and we would have to say New Zealand is the most beautiful land with some of the nicest folks we have ever experienced. Great hunts, wonderful people and a fabulous vacation! *Definitely a "Bucket List" adventure* and one we would recommend unequivocally."

- Patty & Phil Mackey

Northern California • 530 949 6639

"Thank you again for making our New Zealand Safari outstanding on our second hunt with you. You met every expectation we had hoped for - and Rhonda's cooking and hospitality at All Seasons lodge was exceptional. I commend you for all the relationships you have built within your community for all the private land hunting access. Please feel free to use my contact info and hunt pictures for any referrals you may need. Looking forward to coming back and hunting with you again."

- Greg & Vickie Jaegers

Missouri • 573 579 4756

"Jim and his guide were professional and know their area and animals very well. His lodge accommodations and food were both exceptional & Jim's wife Rhonda is a great cook, you will not lose weight! This was truly the hunt of a lifetime for me. If you get in shape and do your part you will not be disappointed. I hope I am lucky enough to get to return and hunt with Jim or Ben again someday. The only negative thing about my trip was having to leave."

- Buddy Boyd

Texas • 903 439 5532

"New Zealand Safaris provided excellent experiences - unbelievable results. Jim knows his stuff and does not disappoint. He knows where the big trophy animals can be found, is as tough as they come and works very hard at providing great opportunities for success in hunting in New Zealand. Their All Seasons Lodge provides the relaxing comfortable atmosphere to regroup and unwind after the hunt, the food is wonderful and showcases New Zealand cuisine thanks to Rhonda.

If you are ready physically and mentally for the time of your life, do not hesitate to get with Jim at New Zealand Safari and plan your New Zealand hunting expedition. We took Tahr on foot, Stag, Fallow and Ram, and took 30 pounds of meat back to Alaska which was great to be able to do. Thanks Jim!"

- John & Patti Hoffman

Alaska • 907 231 9054

"We met Jim from New Zealand Safaris at a show and planned my hunt - ultimately deciding on a really big red stag and bull elk. Jim picked us up at the airport and we went to his All Seasons Lodge where we met Rhonda and family. The whole family makes you feel at home. I took a huge stag over 600 inches and a typical bull elk that went just short of 450 inches, and had to work for it on his big properties."

They say this is a trip of a life time. Well, I am going to try living two life times, because I am going back. A big thank you to the entire Gibson family and especially to Jim."

- Judy and Russ

Wisconsin • 715 476 2966

"Outstanding hunt! The accommodations and food were first class, Jim worked his butt off for me. New Zealand Safaris is top-notch and Jim will get it done for you. The hunt a hunt of a lifetime with amazing scenery."
